

## AGRI-TEC Chain & Bar Guide Lube

### Application

AGRI-TEC CHAIN & BAR GUIDE LUBE is recommended for use on all types of chain saws, using either hand-operated or automatic oilers to lubricate the chain, bar and sprocket.

### CUSTOMER BENEFITS

- **Coats** – Adheres to metal parts, even at high speeds, to maximize tool performance and life.
- **Delivers Ultimate Protection** – Protects components by reducing heat and friction during operation, even in extreme conditions.
- **Versatile** – For use in all chain saw brands and models.

### FEATURES

AGRI-TEC CHAIN & BAR GUIDE LUBE is a combination of wax-free blending stocks and selective additives blended to provide excellent cold-pour characteristics, protection against unusual wear, rust and oxidation. The product features superior tackiness so the lubricant clings to all areas of the bar and chain, offering superior protection.
