

### Application

AGRI-TEC CYCLONE RED is a liquid cleaner designed to remove road film, soil, grime and grease from painted surfaces.

### Dilution Information

Light Soil: 1 to 2 ounces of cleaner per gallon of water.

Heavy Soil: 2 to 4 ounces of cleaner per gallon of water.

### Application Instructions

Apply with sprayer, brush, mop, scrubbing machine or pressure washer to all areas where general cleaning is needed from kitchens to concrete floors. Rinse thoroughly with water. Allow to air dry or wipe dry on smooth surfaces.

### CUSTOMER BENEFITS

- **Biodegradable** – AGRI-TEC CYCLONE RED is a phosphate-free, biodegradable, water-soluble liquid cleaner.
- **Highly Concentrated** – In addition to tackling a variety of tough soils across multiple applications, this cleaner can be diluted based on the degree and type of soil.
- **Versatile** – Ideal for removing road film, soil, grime, and grease from trucks and equipment. This product also cleans floors and degreases indoor equipment.

### FEATURES

AGRI-TEC CYCLONE RED is a biodegradable cleaner that removes road film, soil, grime and grease without affecting painted surfaces. This liquid soap is highly concentrated and water-soluble. It offers a high-foaming, non-streaking equipment wash that also effectively cleans shop areas, floors and service equipment.
