

Application

AGRI-TEC VACUUM PUMP OIL 20 is recommended for use in most rotary vane and piston pumps and high vacuum blowers.

CUSTOMER BENEFITS

- **Versatile** – AGRI-TEC VACUUM PUMP OIL 20 maintains its original lubricating properties over a long period of service life.
- **Corrosion Protection** – An additive package formulated for rust and corrosion protection also helps fight deposits on machinery parts.
- **All Weather Service** – This special formulation withstands exposure to high vacuums with low evaporation levels.

FEATURES

AGRI-TEC VACUUM PUMP OIL 20 is high quality molecularly distilled hydrocarbon fluid design for use in rotary vane vacuum pumps and high vacuum blowers. Its low volatility and excellent vapor pressure offer extended fluid life, reduced backstreaming, and high resistance to corrosive attack. When used in mechanical pumps and diffusion pumps the possibility of cross contamination is eliminated.

AGRI-TEC Vacuum Pump Oil 20

Values are typical and may vary within normal production ranges.

Grade	20
Color	Green
Gravity, API@60°F	29.8
Viscosity, SUS @100°F	318
SUS @210°F	54
Viscosity Index	105
Flash Point °F	450
Pour Point °F	-30
